

Missionary # 1- Spring Update
April 17, 2010
President-Virginia Sellars Vice President-Sharon Stanfield

Missionary # 1 is joyous to know that soon Sister Virginia Sellars will be resuming her position as president. Sister Sellars has truly been blessed to be back at church and recuperating from her illness. We give God praise! She is an exceptional leader with the heart of the Lord.

As a Spring project starting at the April month's meeting the missionaries will be crocheting scarves and possibly lap afghans. Sister Sadie Johnson will be teaching and instructing. Sister Johnson is very skilled in crocheting and takes classes at Alamance Community College. She has given some of her beautiful lap afghans to the sick. Once the project is under way the missionaries will decide whether to give the beautiful crocheted goods to individuals or donate them to a rest home.

In May, the missionaries will take a field trip to Greensboro to the historic Woolworth's tourist sight. This is the first of the beginning of an annual spring field trip. They will also enjoy a lunch of fellowship after the tour. Appreciating the great historic sights in and near our town is an advantage that will be included in future plans of the missionary.

May is also the month for the missionaries to bring paper goods for the Homeless Shelter. Paper products such as paper towels, toilet paper, foil paper, etc. are brought by each missionary to give as a donation of help and love to the shelter.

We are still inviting new members to join our missionary, including men. Our meeting day and time is the Monday after the third Sunday at 4:00p.m. in the choir room. During the Spring and Summer months we meet at 4:00p.m. In the Fall and Winter the time may change to 3:00 p.m. We are a missionary about God's business; helping, giving, sharing, reading God's word, visiting the sick, and spreading our love far and near for God's glory.
