

**Ebenezer United Church of Christ
Little Lamb's Nursery - Quarterly Report Oct 22, 2011**

Mission Statement

Ebenezer Nursery will provide a range of activities offering children the opportunity to experiment and learn through activities such as coloring, toys, music and reading Bible stories. The church nursery is the first contact young families will have with the church. Friendly greeting and exceptional care for their children can make a great first impression. The church nursery allows church goers to focus on worship, rather than worrying about their children. Nursery ministry makes it possible for the pastor to fulfill his ministry.

We have met some goals and vision for the Nursery.

1. Teach the nursery lesson
2. Have a full staff
3. Have a list of volunteers and youth workers
4. Have new rug for the Nursery
5. Have painted the Nursery
6. Have purchase food and new toys
7. Have pagers working

New goals for nursery are to have the nursery covered for all church services and church events. The nursery needs more new toys. Nursery workers spend several minutes praying over the children, to create an environment of spiritual nurture than to pray while you serve in the nursery. We thank God for all our nursery workers.

We have a nursery ministry staff ready to serve.
